Attention: Vincent Houle, Quality and Engineering Director

Subject: Pratt & Whitney Auxiliary Power Unit (APU) Source Qualification List (SQL)

Dear Vincent Houle,

Pratt & Whitney (P&W) is pleased to inform you that your company is now identified as a qualified source authorized to perform work on P&W APU parts in accordance with the following specification(s), based on your existing PWA11 and CPW21 qualifications:

- **AMS2759/5 - Heat Treatment Martensitic Corrosion-Resistant Steel Parts**

This authorization now forms a part of our APU Source Qualification List (SQL) of approved APU suppliers.

This qualification is being granted by a Pratt & Whitney Group company in accordance with Pratt & Whitney PW-QA 6101. The supplier's qualification will be listed on the P&W APU Source Qualification List (SQL).

All P&W APU source qualifications will remain valid based on the supplier maintaining facilities, procedures, and controls to P&W standards, as determined by the supplier's quality performance, satisfactory results of supplier oversight activity, and continued Nadcap accreditations, as applicable.

Please notify Pratt & Whitney of any significant changes regarding key quality management personnel, manufacturing location or current Nadcap status.

Sincerely,

Philippe Lapointe, P.Eng, M.Sc.
